Notes
Physical assault statistics (1) are validated by NHS Protect. All other data sets are the responsibility of the individual health bodies. Where health bodies have undergone mergers during the year, the published statistics for the new organisation include figures both pre and post merger. The total staff figures were reported as at 31st March 2016.

Source (2) are the number of physical assaults where the perpetrator did not know what they were doing, or did not know what they were doing was wrong due to medical illness, mental ill health, severe learning disability or treatment administered. These figures have been calculated by applying the percentage of total reported assaults identified as involving medical factors, to the validated total assault figure at (1).

Reported Criminal Sanctions (6) include but are not limited to: Cautions & Conditional Cautions, Community Rehabilitation or Punishment Orders, Conditional Discharges, Fines, Fixed Penalty Notices, Imprisonment (including suspended sentences) and Restorative Justice.

Reported Civil and Administrative Sanctions (7) include but are not limited to: Acceptable Behaviour Agreements, Banning from Premises, Harassment Warning Issued, Injunction, Use of CJIA Powers, Violent Patient Scheme/History Marking Procedure and Warning Letters.

IMPORTANT - care should be taken when comparing assault figures as there are many factors which may influence a health body's published figures including: a) population served b) geographical setting (i.e. rural/urban), c) level of provision of mental health, learning disability and elderly care services, d) changes in service provision, e) health body amalgamations and splits f) embedding of reporting culture.

The total staff figures were reported as at 31st March 2016.

Source (2) are the number of physical assaults where the perpetrator did not know what they were doing, or did not know what they were doing was wrong due to medical illness, mental ill health, severe learning disability or treatment administered. These figures have been calculated by applying the percentage of total reported assaults identified as involving medical factors, to the validated total assault figure at (1).

Reported Criminal Sanctions (6) include but are not limited to: Cautions & Conditional Cautions, Community Rehabilitation or Punishment Orders, Conditional Discharges, Fines, Fixed Penalty Notices, Imprisonment (including suspended sentences) and Restorative Justice.

IMPORTANT - care should be taken when comparing assault figures as there are many factors which may influence a health body's published figures including: a) population served b) geographical setting (i.e. rural/urban), c) level of provision of mental health, learning disability and elderly care services, d) changes in service provision, e) health body amalgamations and splits f) embedding of reporting culture.

Health bodies have been categorised under the Mental Health sector where mental health and/or learning disability services constitute a significant proportion of their overall service provision.
